K12 Payments....Simplified

30 PAYMENTS

PER CHILD
YEAR

Schools manage an average of 30 payments per child per year. What if your parents and administrators could manage these from a single point of entry?

eCOMMERCE EXPERTISE

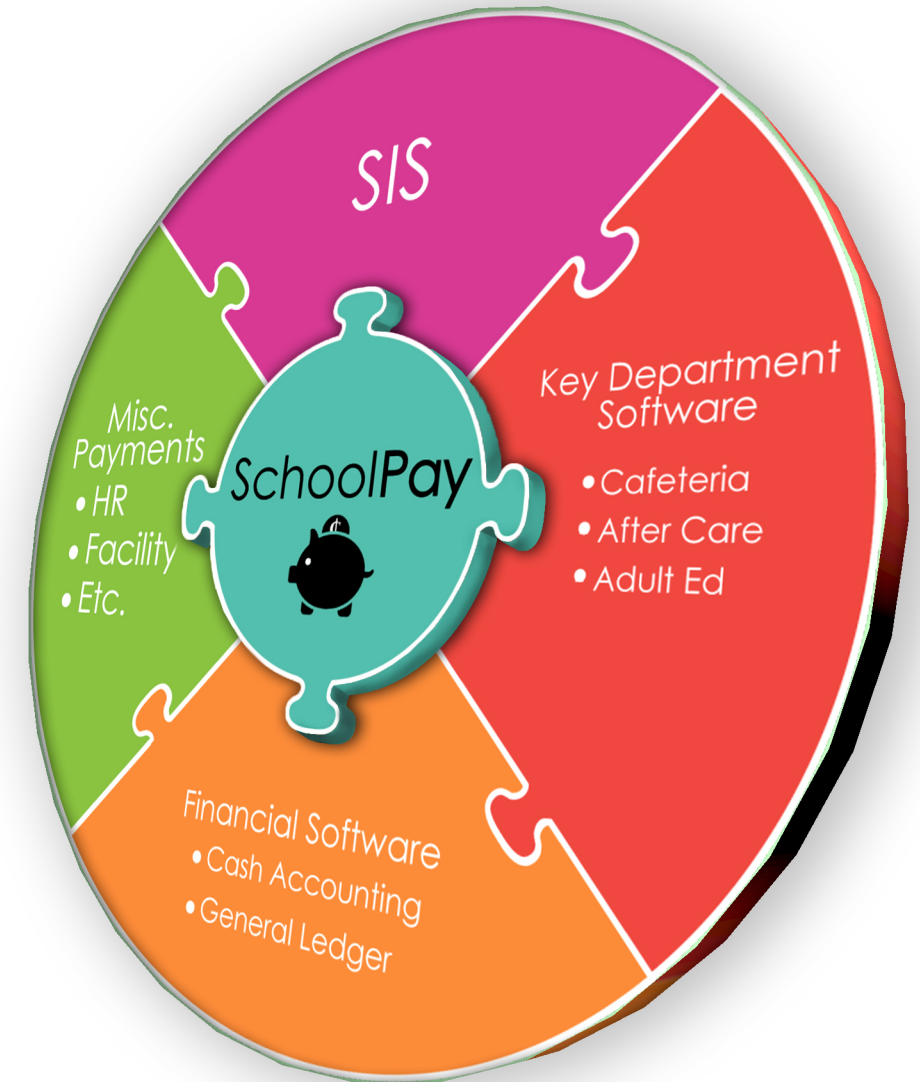

Trust your hundreds of thousands of dollars in eCommerce payments to an eCommerce expert. SchoolPay is an independently-audited, PCI Level One company. eCommerce is not an "add on" to our business. It's our only business.

ENTERPRISE TESTED

PARENT
GROUP APPROVED

SchoolPay is the only enterprise, K12 eCommerce solution on the market. Offer 100% custom access roles to any number of administrators. Leverage our open API to synch all eCommerce payments with any software.

While robust enough to serve the largest districts, we're most proud of the fact that we're easy enough for small districts and any 501c3!

Contact SchoolPay today to centralize eCommerce with every district software application!
